candle-making : hobby for money !

Decorative candle :
Cost per pc : P20
Sell for : P90 - P100 *

Floating candles :
Cost per pc : P10
Sell for : P40 - P50 *

* with the right packaging.

PARAAN SA PAGGAWA NG KANDILA

Mga Kailangan:

- 900 grams Paraffin Wax
- 100 grams Polyethylene Wax
- Cotton Wick
- Sustainer
- Technical Dye
- Baby Oil
- Essential Oils (optional)
- Stove or kalan
- Kettle
- Candle Molder or shaped container
- Barbeque Stick
- Cutter/Scissors, Paint brush, Tape
- Weighing Scale
- Laboratory Thermometer (optional)

Hakbang sa Paggawa:

- Tunawin ang paraffin wax at polyethylene wax sa kettle na nakasalang sa stove or kalan. Hayaang lumamig sa 70C/160F na temperatura o hanggang ito ay maging malapot (creamy).
- Lagyan ng technical dye ayon sa nais na kulay at essential oil na pampabango (optional). Haluing mabuti gamit ang barbeque stick.
- Habang pinalalamig ang wax, ihanda ang molde, pahiran ng langis (baby oil) gamit ang paint brush.
- Ihanda ng cotton wick o "mitsa", ikabit ito sa sustainer upang hindi mahugot ang mitsa kapag buo na ang kandila. Ang sukat at diameter ng mitsang gagamitin ay base rin sa sukat ng kandilang gagawin.
- Ibuhos ang wax sa molde o sa container. Hayaang lumamig ang wax bago alisin sa molde.

Lahat ng nabanggit na materyales ay available sa Divisoria or sa mga candle-making supplies stores.

The Graduating Class

On November 6, 2009, IPI-CSR Social Contribution Committee organized a livelihood training program for the employees' relatives who want to be productive and generate income thru a home-based business. The team had chosen the "Basic Candle-Making" course. Said activity was held at the Socio-Civic Hall of FPIP.

A TESDA certified trainer from Batangas City facilitated the 4-hour training program which included lecture and actual demonstration on how to make candles (container, aromatic and molded candles) Each attendee had the chance to do his/her own candle hands-on.

Selected IPI employees who want to earn additional income were also present and actively participated in training.

The CSR SC members are now equipped with the knowledge. Should you want a special teaching session, the SC members can proliferate the skill to you for free!
